

The Day

Pray For The Soul Of Betty

Why don't you pick today to be the day
That you decide for the first time not to lie
The adults are dead
Overfed and programmed
Thoughts that fill your head
Are the world's eye
You can't let it go
And if you can't find your way to a better world
Set your will inside
All the answers
There within your mind
I've been to the ends of the earth and
I've seen what it means to be dead end
This land is the best for the best man
Rise up, pick your line, end distraction
Why don't you pick today to be the day
That you decide for the first time this is your life
You can't let it go
And if you can't find your way to a better
world
Set your will inside
All the answers
There within your mind
I've seen what it takes to be free
Man, be bold, let go of the railing
These things can be had with a strong hand
Take what you want, it's yours, you can't let it go
It's time
