

Daydream

Mortal Micronotz

My daydream seems as one inside of you
Though it seems hard to reach through this life

 Your blue and hopeless life

My daydream screams bitter 'til the end
The love I share, true, selfish to the heart

 My heart, my sacred heart

 My daydream dream

 My daydream

 My daydream dream

My daydream

I'm going crazy

I'm going crazy

I don't want feelings

 Your feelings

 I have gone crazy

Motherfuckin' crazy

 I have gone
