Oh-oh, Yeah-yea

Keyshia Cole

You know what I wonder sometime?
Like do you know how far we can go
If you could only believe in me
Yeah, imagine that
Did you know that I meant what I said
When I told you I loved you, loved you
And did you know I was really sincere
When I couldn't go creepin', creepin' around
And everything that I told you I be for you
I could really be for you, baby
Just give me, give me, give me a chance and
Let me show you
How I really feel
Really feel for you
You are everything, yeah
Yeah
Oh oh, yeah yeah, oh oh, yeah yeah
Oh oh, yeah yeah, oh oh, yeah yeah
So do you know I really wanna be here for you
Anytime you call on me, baby
And did you know we could be anything we want if you
(Only could believe in us and)
Give me your love don't
(No, no don't)
Baby, don't walk out
Just give me a chance and
Let me show you
How I really feel
Really feel for you, yeah
You are everything, yeah
Yeah
Oh oh, yeah yeah, oh oh, yeah yeah
Oh oh, yeah yeah, oh oh, yeah yeah
Uh, she says, "Nas show me the inside of your Benz"
I'm jus tryna show you trust and the beauty of being friends
They just wanna love you and leave you, cut it and sleaze ya
Tell the world how they beat ya
I'm tryna show you something deeper
Movie night at the crib, double feature

Turn off your phone, you can moan
We in the love making marathon
You hit notes you never known
In the streets, I need chrome and ammunition
But at home, you just want me to listen
Check it, your friends is hating 'cause they feel the dating
Messing with you concentration
And it kills 'em that I'm your fascination
Picture life as my wife, just think
Full length sable, seven carats in your navel
Ballers inside the club, tryna send you they best
But tattoo's on your chest spellin' N A S
Tanning, no bikini in the sands of Fiji
Miami in my Lamborghini, KC believe me
That's why you got me singing
Oh oh, yeah yeah, oh oh, yeah yeah
Yeah, you know
All I needed you to do is believe in us
You know what I'm saying
Guess that's the way love goes
Oh, oh, oh, baby
I love you baby but do you believe in me?
