Hey Light

Animal Collective

Hey light hit the curtain hit the room
Wear that bed time suit
They will be out walking (not sure)
Hey light I forgot have work today
'Cause the kid's at work all day
You and him keep walking (not sure)

Hey light when the colors will arrive
Oh keep it deep inside
They're also working
Hey light I can wear my moccasins
You have made me smile again
There ain't nothing like it
