Curious

Olive

Straight as a dye
In us we rely
Yet watch how my head is turning
Distracting my eyeIt's no reflection on you
Yet who would believe me
Troubled by the thought of it
I can't denyThat I'm curious, never meant to hurt you
Just curious, I can't deny
(Curious)
That I'm curious, never have deceived you
Just curious, I cannot lie
(Curious)Give me a reason
I'll hide my delight
Shamelessly I'll seize the moment
Just my needs in sightIt's no reflection on you
Yet who would believe me
Troubled by the thought of it
I can't denyThat I'm curious, never meant to hurt you
Just curious, I can't deny
(Curious)
That I'm curious, never have deceived you
Just curious, I cannot lie
(Curious)Curious
Ahh ahhIt's no reflection on you
Yet who would believe me
Yet who would believe me
Troubled by the thought of it
I can't denyThat I'm curious
I can't deny
That I'm curious, never have deceived you
Just curious, I cannot lie
(Curious)That I'm curious, never meant to hurt you
Just curious, I can't deny
(Curious)
That I'm curious, never have deceived you
(Curious)
Just curious, I cannot lie
(Curious)(Curious)
That I'm curious, never meant to hurt you

Just curious, I can't deny
(Curious)
(Curious)
Curious
(Curious)
Curious
(Curious)
Curious
