## **Hopeless**

## **Candice Alley**

## **Hopeless**

Everybody says it?s just another decay of the soul But I know I'm a hopeless follower of anything To take me away from this hole in the ground I found it hopeless clinging to a feeling Like a fish on a line It's sublime to find it lately hopeless No more saying there is no more time I've was trying far too hard To be what I thought I should be I was playing wild cards And seeing things that weren't in front of me Like a little tiger play fighting I was hurting myself again and again Because I'm hopeless Everybody says it?s just another decay of the soul But I know I'm a hopeless follower of anything To take me away from this hole in the ground I found it hopeless clinging to a feeling Like a fish on a line It's sublime to find it lately hopeless No more saying there is no more time There is no more time Well, I'm just discovering I'm living in a different body Got a little insight into everything that?s happening to me Like a little spider I'm climbing the insurmountable But I never hold myself accountable, no Because I'm hopeless, everybody says I'm hopeless But I got a bit of hopelessness Oh, and you can never bring me down Even though I've got some solid ground Oh, because I love it so and I think you should know That I'm hopeless Everybody says it?s just another decay of the soul But I know I'm a hopeless follower of anything To take me away from this hole in the ground I found it hopeless clinging to a feeling Like a fish on a line It's sublime to find it lately hopeless, hopeless

No more saying there is no more time
