

Fever

Flagship

Washed up on lover's shore
When fever with our love
Buried me in the sand
With flowers in your hair
Don't let it show
Don't let it show oh ohThe fever comes at night
Through our consequential lives
Bury the arrow deep
The skies of tragedy
Don't let it show
Don't let it show up again
Because I was tripping over
I was stumbling over my head
In my head
Because I was tripping over
I was stumbling over my head
In my head
Don't let it show
Don't let it show
