

Playa 4 Life

Master P

[Hook: Chamillionaire]

You know I stay stacking my cheddar, leaning back on the leather

With a ride or die chick, on my side

Nobody does it better, so somebody better tell ya

That you dealing, with a playa fo' life

I'm a playa fo' life, I'm a playa fo' life

I'm a playa fo' life, I'm a playa fo' life

You need a baller, I'm a baller your type

You need a playa, that's what I is fo' life[Lil' Flip]

24's on the coupe when I roll by, four guns on my lap when I roll high

Now I'm back in the trap with four fpies, three macks on my lap and a fo'-five

Mo'fuckers ain't know I could rap fast, mo'fuckers ain't know I could stack cash

Lil' mama right there she got a fat ass, but you know Clover Geez don't trick cash

Now let me slow it down, for all you Screw heads

Don't call me Flipper, it's Mr. I Can Do Dat

Fuck a lay-away, if I like it I buy it

And if it's purple haze, if I like it I try it

I'm doing 85, on 2-88

The music so loud, my phone on vibrate

I missed like twenty calls, and two of em my dogs

And you guessed it right, the rest of em broads[Hook][Lil' Flip]

Come with me and tour the globe, let me show you how it go

I'll take you out that Bebe, and put you in designer clothes

You'll be closing Phantom do's, and Dolce & Cabana clothes

The paparazzi waiting, when you stepping out that G4

G5 we fly, we high ah man

I bet your man, ain't never had a hundred grand

I be drunk every hour, I be high every minute

I be dodging the press, because my windows tinted

I'm a playa for real, diamonds lay on my grill

To get out my deal, I had to pay two mill

Now I'm happy as ever, laying back on my leather

The number one fly boy, on the back of my sweater[Hook][Lil' Flip]

Them chicks in Chi-Town, looking for a real playa

Them chicks in Las Vegas, they get that money out there

Them chicks in New York, cute but they talk rude

Them chicks in Paris France, now they know what to do

Them chicks in Berlin, they say they want a playa too

I got the chicks in the Lou, they hollin' what it do

Them Cali chicks, want a playa with that real do'
That's when I pull up in my drop, and let me grill show[talking]
Ay-ay come ride-come ride-come ride
Ay, Southside for life
Ain't nobody do it like me, aaay[Hook]
