

Peacock Lady

[Al Kooper](#)

Kooper She is like the trees and with the ease of summer's breeze
She is leaving
Gone & left me lone she's headin' home to walls of stone
For no good reason
And not a word to anyone
She's like the bird with tail of setting sun Peacock lady-roll me over
Hold me softly, be my lover Heard her on the air and I did care to pay the fare
To hear her sweet song
Held her by the wing, I heard her sing, she made it ring
But that was all wrong
A little girl is somewhere playing
So she must fly-she can't be staying
Peacock lady-you're all around me
Let me inside - soft surround me
Peacock lady
