

Gently Sentimental

Life of Agony

Humble prostitution, sanitizing crush
Sesame hallways
Yourself is priceless with yourself is in lustMushy me, mushy me, mushy me
Bite gently sentimental
Mushy me, mushy me, mushy me
Bite gently sentimentalFound your future, felt your fight
And I found yours, and you found mineMocking bird, mocking bird
Translucent sea
Mocking bird, mocking bird
Please come rescue meMushy me, mushy me, mushy me
Bite gently sentimental
Mushy me, mushy me, mushy me
Bite gently sentimentalFound your future, felt your fight
And I found yours, and you found mine
Found your future, felt your fight
And I found yours, and you found mineMocking bird, mocking bird
Mocking bird, mocking birdGently sentimental
Gently sentimental
Gently sentimental
Gently sentimentalFound your future, felt your fight
And I found yours, and you found mine
Found your future, felt your fight
And I found yours, and you found mineMocking bird, mocking bird
Mocking bird, mocking bird
