I'm On Crack

The Dickies

Ev-everybody left and right
Break it down

Back in '79 I did the John Belushi
In 1992 I did the Chris Farley
In 2008 I did the Cloverfield monster
I said fuck that shit and went back to the Belushi

It's like cats cats
Cats cats cats
Back in the day it's like
Cats cats cats
I know what it takes to make things worse
And I know what it takes to put a nigger in a hearse
I'M ON CRACK

Break it down
Break break break
Break it down
Break break break
Break it down
I'M ON CRACK
Break break it break it
Yo break it down

Pull to the right
Pull to the left
Pull to the right
To the left

This little piggy is in the market
For some motherfuckers who wanna start shit

Asian people love golf
(What?)
Asian people love golf!

It's like cats cats
Cats cats cats
Back in the day it's like

Cats cats cats
I know what it takes to make things worse
And I know what it takes to put a nigger in a hearse
I'M ON CRACK

Break it down
Break break break
Break it down
Break break break
Break it down
I'M ON CRACK
Break break it break it
Yo break it down

Cats cats cats (repeated multiple times)

Who's bustin'
who who's bustin' out those rhymes?
