

Or Nah (feat. Marcus Moody)

Eric Bellinger

Don't fight the feelin', try, don't fight the feelin' Say, my life is like a movie, nigga, fuckin' every day
 Fuckin' every day, nigga, fuckin' every day
 Say, my life is like a movie, nigga, fuckin' every day
Missionary, doggy style, nigga, fuckin' every way I'm not the nigga you thought that
 That trickin', we off that, I hit that, no call back
 She ratchet, I like it, I hold it, she bite it
 She lick it and suck it, I fuck it, he wife it
 No feelings for a ho that ain't my main thing
My niggas on the same thing, all my niggas gang bang
 Bitches do choke, this is my boo
 Two C's on that bag but she throw a Piru
 And we off that CÃ®roc, she don't mind it I do
 Her girlfriend a thot, tell her hop in my coupÃ©
 Tell her hop in my bed, tell her hop off my roof
My baby-mama trippin' and that bitch can shoot You gon' let me hit or nah?
 "Can I get the dick or nah?"
 You gon' let me watch you strip or nah?
"Can a bitch get a fit or nah?" Girl, once you get it, you got it, foreva
 Or nah, so let me hit it
 Girl, once you get it, you got it, foreva
Aw, girl, so let me hit it If he let a nigga come through
 I'm give it to you better than you ever had it
 Girl, I promise, I'm a be the only thing you want to do
 Makin' you forgot about your niggas automatic
 You already know
I can fuck you better, can we live together? Bitch a problem, bitch, you better follow me
 I give you this dick, you hit the lottery
 I know all the stars, astrology
 Last deposit, fucked up the whole economy
 Get that, spent twenty-ten, bitch-nigga
 Kush piffany, every white string infinite
 You different, last night, niggas picturin'
 Seven times, had a black chick tryin' white shit
 Fatal Lines, I'm the future, real beef, I'll shoot you
 Walk-walk, no talk-talk, no sub and no woofers
 It's on, tell by my tone
Real nigga call, better answer your phone You gon' let me hit or nah?
 "Can I get the dick or nah?"
 You gon' let me watch you strip or nah?

"Can a bitch get a fit or nah?" Girl, once you get it, you got it, foreva
Or nah, so let me hit it
 Girl, once you get it, you got it, foreva
Aw, girl, so let me hit it You gon' be a nigga's bitch or nah?
 You gon' let a nigga hit or nah?
What you sayin', know you're with it so why you playin'?
 Bitch, you better fuck a rich nigga while you can
 I be on one, two C's for the city
 I'm on, I got Crip and Blood niggas with me
 Wait up, just tell me you with it or let me get it
 Baby, you can skip the bullshit and let me hit it
 Three pills down, got me rollin' like (?)
 Keep playin' games but you know that you a flip
 Hold up, bitch, quit playin' and give it up
You gon' let a nigga hit or what, what's up? You gon' let me hit or nah?
 "Can I get the dick or nah?"
 You gon' let me watch you strip or nah?
"Can a bitch get a fit or nah?" Girl, once you get it, you got it, foreva
 Or nah, so let me hit it
 Girl, once you get it, you got it, foreva
Aw, girl, so let me hit it Don't fight the feelin', you know a nigga tryin' to fuck
 I like that bitch, yeah, baby, your pussy wet?
 Take them panties off, don't fight it
 Let a nigga hit that shit, you like to fuck
 All these bitches love fuckin'
