Once Upon A Lie

The Sunstreak

I remember the way you smiled
And how you made it all worth while
You had the touch of a burning fire
A million ways to drive me wild
You can move like the softest wind
And make your way across my skin
But the memory just won't do,
I need to find my way to youI wanna touch you
I wanna kiss you
I wanna feel you in my arms
I need to hold you
Let me control you
Maybe its right where you belongNow the moments are passing by
And I'm asking myself why
I let you out of my sight,
And disappear into the night
Now I don't know what to do
I've never felt so damn confused
If another passes through,
I hope she looks a lot like youI wanna touch you
I wanna kiss you
I wanna feel you in my armsI need to hold you
Let me control you
Maybe its right where you belong
You know that you want me
You know that you need me
You know that I'd never do you wrong
I wanna touch you
I wanna kiss you
Maybe its right where you belongSave me
You're the only one who cared to embrace me
I don't want to start all over again
I want to touch you, I need your skin tonightI wanna touch you
I wanna kiss you
I wanna feel you in my arms
I need to hold you
Let me control you
Maybe its right where you belong
You know that you want me

You know that you need me
You know that I'd never do you wrong
I wanna touch you
I wanna kiss you
Maybe its right where you belong
