

# Travels In Nihilon

Xtc

You've learnt no lessons  
All that time so cheaply spent  
There's no youth culture  
Only masks, they let you rent Travels, travels in Nihilon  
We've seen no Jesus come and gone Fashion, their vampire  
Drapes itself across your back  
As you fall from style  
It waits rebirth on its rack Travels, travels in Nihilon  
We've seen no Jesus come and gone Building your whimsy  
Hypnotizing you to need  
Dance goes full circle  
One step ahead of your greed Travels, travels in Nihilon  
We've seen no Jesus come and gone You've learnt no lessons  
All those years to get it right  
Flashes of promise  
Burn out faster than strobe light Travels, travels in Nihilon  
We've seen no Jesus come and gone Travels, travels in Nihilon  
We've seen no Jesus come and gone
