

# Cupid

## Victoria Monet

Cupid must have wrote our love story in the dark  
Don't you see these scribbles and these permanent marks  
Cupid must have wrote our love story in the dark  
Oh sloppy cupid, cupid, doomed us from the startPaper thin innocence left in the rain  
No more going back to how we were again  
Maybe our other [?] ran out of ink  
I don't agree with how are story ends  
Can we hold tight, get it right, fix this over night?  
I just want your love  
I believe we're more than ordinary  
Cupid must have wrote our love story in the dark  
Don't you see these scribbles and these permanent marks  
Cupid must have wrote our love story in the dark  
Oh sloppy cupid, cupid, doomed us from the startHe arranged all of our words in our book  
Someone's finally gotta take another look  
All of the chapters we worried about  
We're the only one's who went straight to rip them out  
Baby, baby, we've got nothin'  
Hold on to our love  
Cupid  
Cupid  
Cupid
