

# Gravity of Love

[unknown]

Turn around, I can smell what you don't see  
Close your eyes, it's so clear  
Here's the mirror, behind there is a screen  
On both ways you can get in  
Don't think twice before, you listen to your heart  
Follow the trace for a new start  
What you need and everything you'll feel  
Is just a question of the deal  
In the eye of storm you'll see a lonely dove  
The experience of survival is the key  
To the gravity of love  
The path of excess leads  
To the tower of wisdom  
The path of excess leads  
To the tower of wisdom  
Try to think about it  
That's the chance to live your life  
And discover what it is  
What's the gravity of love  
Look around just people  
Can you hear their voice?  
Find the one who'll guide you  
To the limits of your choice  
But if you're in the eye of storm  
Just think of the lonely dove  
The experience of survival is the key  
To the gravity of love, love
