

Hello There

Basshunter

Hello There

Hall dr, vem r du som ler s fint mot mig?

Hello there, who are you who smiles so pretty at me?

Hall dr, kom nrmre, snlla vnd din blick mot mig.

Hello there, come closer, please, turn your look (eyes) on me

Jag vill knna hur du andas, hur du finns intill min kropp.

I want to feel how you breathe, how (it is)having you next to my body

Jag ville rra din hud men d s kom det ett ljud som sa:

I want to touch your skin but then arrive a sound that says:

Hall dax att vakna upp, vakna upp.

Hey, you, wake up, wake upVarje dag r som en evighet, varje sekund ja det knns som ett r.

Each day is like eternity, each second I feel (is long as) a year

Men nr jag ser dig i min drm, ja d vet jag att det gr.

But now (when) I can see you in my dream,then,yes I know, (Ill) do it

gr att hlla ut tills jag kommer hem till min sng,

Oh,oh,oh Ill hold out (persereve) until I go home to my bed

fr att sedan brja om och bli vckt p morgenon, snlla lt mig somna igen!

Because later(it) starts again and being awake in the morning,(Ill) bag (you) :make me sleep again

Ensam s tvingar jag mig upp, det r d fan att det ska vara s svrt,

(Im) Lonely so I force myself to get up,why the hell it is so hard

Men ven om min tid str still s sjunger jag min lt som gr;

But even if my time stands still I sing my tune(song, melody) that goes(like that)Hall dr, vem r du som ler s fint mot mig?

Hello there, who are you who smiles so pretty at me?

Hall dr, kom nrmre, snlla vnd din blick mot mig. Mot mig.

Hello there, come closer, please, turn your look (eyes) on me.On me.
