

It's Alright

Bob Marley

You're only acting like you are somebody
But I don't love to say, you're not nobody
Don't exhaust our painted face, girl
'Cause underneath that face you're just have disgrace And you're just a brand new second hand
You'll make no one fool, you're just a brand new second hand
I only confess you, you're brand new second hand
Dirty golden rule, you're just a brand new second hand What you've got, girl that I don't know
Why you really really got to exalt yourself
So mama used to tell me a long time ago, girl
It's not everything you own that glitters is gold So you're just a brand new second hand
No man, no, want no, brand new second hand
You better go back round so girl, brand new second hand
Don't you show us brand new second hand If you think it's the dress you wear that makes you a lady
Get that out of your mind, you must be crazy You're just a brand new second had, yes girl
No man, no, want brand new second hand, yes girl
No bother come show off
So you're just a brand new second hand
