Everything You Have

Cimorelli

Ooh.
Ooh.I used to think that happiness
Was feeling like you finally won.
I couldn't rest knowing someone else
Might be out there having more fun.More pressure, more time.
Do everything right.
Don't smile, don't care,
Don't waste your Friday night.
Look perfect, stand still,
Blend in, don't lose the fight.Sometimes it's easy to get carried away,
Listening to the things that people say.
Feeling like nobody's got your back,
But everything you need is everything you have.
I used to think that beautiful
Was looking like a perfect 10.
I couldn't see I was good enough,
Couldn't get past everything they said.
More pressure, more time.Do everything right.
Don't smile, don't care,
Don't waste your Friday night.
Look perfect, stand still,Blend in, don't lose the fight.
Sometimes it's easy to get carried away,
Listening to the things that people say.
Feeling like nobody's got your back,
But everything you need is everything you have.
Looking all around, can't you feel the pain?
Talking like they know but they don't know a thing.
You can leave tonight and never look back,
Cause everything you need is everything you have.
Ooh.
Ooh.
Sometimes it's easy to get carried away,
You listen to the things that people say.
You feel like nobody's got your back,
And everything you need is everything you lack.
Looking all around, can't you feel the pain?Talking like they know but they don't know a thing.
You can leave tonight and never look back,
Cause everything you need is everything you have.
Sometimes it's easy to get carried away,

Listening to the things that people say.
Feeling like nobody's got your back,
But everything you need is everything you have.
Looking all around, can't you feel the pain?
Talking like they know but they don't know a thing.
You can leave tonight and never look back,
Cause everything you need is everything you have.
