

# Forever And Almost Always

[Kate Voegele](#)

So the story goes on down the less traveled road  
It's a variation on the one I was told  
And although it's not the same it's awful close  
In an ordinary fairytale land  
There's a promise of a perfect happy end  
And I imagine heaven just sort of that, it's better than nothing  
So you'll be mine forever and almost always  
And I'll be fine, just love me when you can, yeah  
And I'll wait patiently  
I'll wake up every day just hoping that you still care  
In the corner of my mind I know to well  
That surely even I deserve the best  
But instead of leaving I just put the issue to bed and out of my head  
And just when I believe you've changed for good  
Well you go and prove me wrong just like I knew you would  
When I've run out of second chances you give me that look

And you're off the hook  
Because you're mine forever and almost always  
Well I'm fine, just love me when you can  
And I'll wait patiently  
I'll wake up everyday just hoping that you still care  
What am I still doing here?  
It's all becoming so clear  
You'll be mine forever and almost always  
It ain't right to just love me when you can  
I won't wait patiently  
Or wake up everyday just hoping that you'll still care  
Forever and almost always  
No, it ain't right to just love me when you can baby  
Ain't gonna wait patiently  
I won't wake up everyday just hoping that you'll still care
