

# Teach Me How to Love

## David Charvet

I don't wanna slip  
I don't wanna trip  
Fallin' in love again  
'Cause that's the way it's always beenI wanna get it right  
It's the time of my life  
Pickin' up the pieces  
That I know I left behindI can feel it coming back again  
Gotta give it one more try  
Givin' up is not my style, noThe more I learn, the less I know  
About this thing called love  
The more I touch, the less I feel  
It's hard to know what's realI'm looking up  
And every time I'm blinded by the sun  
Can you teach me how to love?I don't wanna drift  
From the touch of your lips  
Feelings that I can't deny  
When I look into your eyesWhat am I to do  
When I'm talking to you?  
Words are getting kinda hard  
'Cause they're coming from my heartI can feel it coming back again  
Gotta give it one more try  
Giving up is not my style, noThe more I learn, the less I know  
About this thing called love  
The more I touch, the less I feel  
It's hard to know what's realI'm looking up  
And every time I'm blinded by the sun  
Can you teach me how to love?Not giving up tonight  
Not giving up, made up my mind  
I'm not giving upNot giving up tonight  
Not giving up, made up my mind  
I get lost sometimesNot giving up tonight  
Not giving up, made up my mind  
Gotta give it one more try  
Givin' up is not my style, noI can feel it  
I can feel it coming back again  
I can feel it  
I can feel it coming back againI'm looking up  
And every time I'm blinded by the sun  
Can you teach me how to love?The more I learn, the less I know

About this thing called love  
          The more I touch, the less I feel  
          It's hard to know what's realI'm looking up  
          And every time I'm blinded by the sun  
          Can you teach me how to love?I can feel it  
          I can feel it coming back again  
          I can feel it  
          I can feel it coming back againI'm looking up  
          And every time I'm blinded by the sun  
          Can you teach me how to love?How to love? How to love?  
          Can you hear me?  
          Oh, how to love?  
          Mmm, how to love?  
          Can you hear me?  
          How to love?
