

# The Way You Want It

Keane

From the shelter of your home  
As you walk into the rain  
Send a message that you know she'll hear  
Though she's so far away Even though you have been wrong before  
She'll hear you now  
You know she will  
But you don't know how From the shelter of the rain  
As you walk into the tube  
As you think of her you wonder  
If she thinks about you too Even though you've waited so long  
To see the day  
When she will turn to you again  
So long my friend is what you say And I don't know why you feel so bad  
Where is the life you once had?  
And still this horrid feeling  
Grows and grows the way you want it to Even though you've waited so long  
To see the day  
When she will turn to you again  
So long my friend is what you say And I don't know why you feel so bad  
Where is the life you once had?  
And still this horrid feeling  
Grows and grows the way you want it to You're a fool though, why you feel so bad?  
Where is the life you once had?  
And still this hollow feeling  
Grows and grows the way you want it to
