Blue Skies (Revoke Remix)

Lenka

We've been waiting, anticipating change coming our way
You're my baby through the bad lights to the greater daysI know that something good is waiting just around the corner
There's a new day dawning, there's a new life for us
Got to keep on holding on for just a little longer I knowThat it's gonna be blue skies for you and I
We'll step out of the shadows and walk into the light
Yeah it's gonna be blue skies for you and I
But my heart beats slow as the storm carries on up high
And the clouds roll byI can feel it, it's a comet, fast and fierce and wild
I can see it everytime I look into those eyesTell me is it really gonna storm again,
Will the sky turn dark, will the rain begin?
I wanna be with you wherever lightening strikes cause I knowThat it's gonna be blue skies for you and I
We'll step out of the shadows and walk into the light
Yeah it's gonna be blue skies for you and I
But my heart beats slow as the storm carries on up high
And the clouds roll byAnd the clouds roll by
I can't stand the rain for one more day
I know we can make it go awayCan you feel it?
Like a fever, burning till it breaksBlue skies for you and I
We'll step out of the shadows and walk into the light
Yeah it's gonna be blue skies for you and I
But my heart beats slow as the storm carries on up high
And the clouds roll byBlue skies, blue skies (and the clouds roll by)
Blue skies, blue skies (and the clouds roll by)
Blue skies, blue skies (and the clouds roll by)
Blue skies, blue skies (and the clouds roll by)
Blue, blue, blue, blue, blue, blue...
