Breathless Love

Lucero

Little girl
Oh, what you do to me
Sometimes I forget to breathe
Cause you've made me such a mess
I can't think of nothing else
But this love, oh this breathless loveDarlin' I need you
The breath on your lips
Oh, as they're touching mine
If I wanna liveWell, little girl
Oh, what you do to me
Sometimes I forget to breathe
And I know I would die
If you ever say goodbye
Oh this love, oh this breathless loveDarlin' I need you
The breath on your lips
Oh, as they're touching mine
If I wanna liveOh darlin' can't you see
Can't be no other man, no
Without all your love, honey, I just
I just don't stand a chance so
I want you to be mine forever
In this breathless loveDarlin' I need you
The breath on your lips
Oh, as they're touching mine
If I wanna liveSo, little girl
Oh, what you do to me
Sometimes, Lord, I forget to breathe
I could love you like no one else,
Oh I just can't catch my breath
Oh this love, oh this breathless love
Oh this love, oh this breathless love
