

# Grammercy Park Hotel

**Ben Lee**

I know you feel pretty beat  
You're wanting to sleep  
I know your eyes getting sore  
You've been up since three  
The time's come to sleep  
If you wanna crash out  
So if you wanna crash out  
Don't feel I'm keeping you up  
I know you're near dead  
I won't be waking you up  
That's best left unsaid  
The time's come to sleep  
So if you wanna crash out  
So if you wanna crash out  
I'll let you sleep  
If you wanna crash out  
I'll let you be, I'll let you be  
If you wanna crash out
