

See Through

Audio Adrenaline

I'm unstable and extreme
Good to bad, I've been burnt in between
The smoke from the fire in my soul
Makes a transparent haze There are things that I can't hide
That would make some people think I've lied
I try to do right but I fail
Don't set your eyes on me I drive all night to sing this song
And I don't even care
Some people want a piece of me
But I've got none to spare Don't you know that God loves you
Don't you know that I try too
I've been known to miss my cue
Don't look at me, I'm see through I would love to be made perfect
But instead I have the grace of God
You should look through me
And you will see what I want to be I drive all night to sing this song
I don't even care
Some people want a piece of me
But I've got none to spare Don't you know that God loves you
Don't you know that I try too
I've been known to miss my cue
Don't look at me, I'm see through Don't you know that God loves you
Don't you know that I try too
I've been known to miss my cue
Don't look at me, I'm see through I drive all night to sing this song
And I don't even care
Some people want a piece of me
But I've got none to spare Don't you know that God loves you
Don't you know that I try too
I've been known to miss my cue
Don't look at me, I'm see through Don't you know that God loves you
Don't you know that I try too
I've been known to miss my cue
Don't look at me, I'm see through Don't you look at me, don't you look at me
Don't you look at me, don't you look at me
I'm see through, I'm see through
I'm see through, don't you look at me
