

# See Through

## Audio Adrenaline

I'm unstable and extreme  
Good to bad, I've been burnt in between  
The smoke from the fire in my soul  
Makes a transparent haze There are things that I can't hide  
That would make some people think I've lied  
I try to do right but I fail  
Don't set your eyes on me I drive all night to sing this song  
And I don't even care  
Some people want a piece of me  
But I've got none to spare Don't you know that God loves you  
Don't you know that I try too  
I've been known to miss my cue  
Don't look at me, I'm see through I would love to be made perfect  
But instead I have the grace of God  
You should look through me  
And you will see what I want to be I drive all night to sing this song  
I don't even care  
Some people want a piece of me  
But I've got none to spare Don't you know that God loves you  
Don't you know that I try too  
I've been known to miss my cue  
Don't look at me, I'm see through Don't you know that God loves you  
Don't you know that I try too  
I've been known to miss my cue  
Don't look at me, I'm see through I drive all night to sing this song  
And I don't even care  
Some people want a piece of me  
But I've got none to spare Don't you know that God loves you  
Don't you know that I try too  
I've been known to miss my cue  
Don't look at me, I'm see through Don't you know that God loves you  
Don't you know that I try too  
I've been known to miss my cue  
Don't look at me, I'm see through Don't you look at me, don't you look at me  
Don't you look at me, don't you look at me  
I'm see through, I'm see through  
I'm see through, don't you look at me
