See Through

Audio Adrenaline

I'm unstable and extreme

Good to bad, I've been burnt in between

The smoke from the fire in my soul

Makes a transparent hazeThere are things that I can't hide

That would make some people think I've lied

I try to do right but I fail

Don't set your eyes on meI drive all night to sing this song

And I don't even care

Some people want a piece of me

But I've got none to spareDon't you know that God loves you

Don't you know that I try too

I've been known to miss my cue

Don't look at me, I'm see throughI would love to be made perfect

But instead I have the grace of God

You should look through me

And you will see what I want to be I drive all night to sing this song

I don't even care

Some people want a piece of me

But I've got none to spareDon't you know that God loves you

Don't you know that I try too

I've been known to miss my cue

Don't look at me, I'm see throughDon't you know that God loves you

Don't you know that I try too

I've been known to miss my cue

Don't look at me, I'm see through drive all night to sing this song

And I don't even care

Some people want a piece of me

But I've got none to spareDon't you know that God loves you

Don't you know that I try too

I've been known to miss my cue

Don't look at me, I'm see throughDon't you know that God loves you

Don't you know that I try too

I've been known to miss my cue

Don't look at me, I'm see throughDon't you look at me, don't you look at me

Don't you look at me, don't you look at me

I'm see through, I'm see through

I'm see through, don't you look at me
