

Mockin' Bird

Tom Waits

Mocking bird high in a tree
Looks like you got the best of me
Mocking bird singing his song
Well the mocking bird mocking me
Now that you're goneMocking bird high in loof
Well he's blowing notes on top my roof
Well mocking bird singing his song
Well the mocking bird mocking me
Now that you're goneWell mocking bird high in a tree
Looking up at you, you're looking down at me
And mocking bird high in loof
Blowing notes on top of my roofMocking bird high in tree
Well looking up at you, looking down at me
And mocking bird singing his song
Well the mocking bird mocking me
Now that you're goneThrewed some papers, tried to scare him away
Just looked down at me and this is what he saidAnd the mocking bird high in a tree
Looks like you got the best of me
Mocking bird singing his song
Well the mocking bird mocking me
Now that you're gone
