

# Say hello

Ede Staal

Oh, yeah, yeah, come on  
Walked in the place  
And everybody looked down at we  
Disgust on their face but we don't mind  
'Cause we're too busy smiling  
Never get in my face  
That's not the way to understanding  
And ignorance is blind, so this time  
This time we gonna let it ride  
I know, that I know  
That I know, that this is  
I know, that I know  
That I know, that this is real  
I hate to disappoint you  
But this is how I feel  
And let me introduce to you myself  
Say hello to the bad guy  
Can't plead my case  
The jury's out, won't give me a chance  
'Cause I don't think the same  
Shut down the court, kidnap the judge  
Now they sit in his place  
And who are you to make your birth right  
Deciding my fate?  
I know your kind, I have and I will carry on  
I know, that I know  
That I know, that this is  
I know, that I know  
That I know, that this is real  
I hate to disappoint you  
But this is how I feel  
And let me introduce to you myself  
Say hello to the bad guy  
We're here to make you feel  
Better about yourself  
We're here to introduce you to yourself  
Say hello to the bad guy  
I hate to disappoint you  
But this is how I feel

And let me introduce to you myself  
Say hello to the bad guy  
We're here to make you feel  
Better about yourself  
We're here to introduce you to yourself  
Say hello to the bad guy
