

Toyfriend (featuring Wynter Gordon)

David Guetta

I see you looking
Yeah, you looking over my way
I wanna leash you up
And put you into my cage
Teach you how to touch me baby
How to say my name
Bet you never had nobody to give
It to you this way I wanna put you in my closet
I wanna play 'til I'm exhausted
Come come baby come be my Toyfriend let me play with you
Come come baby come be my
Toyfriend 'til I'm through with you Let me play with you
Let me play with you
Let me play with you
Let me play with you
Bounce! Ain't got to dress you up
And put you on display
Rather keep you in my back house
I turn you on turn you on in so Many ways and I don't ever have to Use no batteries I wanna put you in my closet
I wanna play 'til I'm exhausted
Come come baby come be my Toyfriend let me play with you
Come come baby come be my
Toyfriend 'til I'm through with you
Bounce! Let me play
Let me play
Let me play
Let me play
Let me play
Bounce! Come come baby come be my Toyfriend let me play with you
Come come baby come be my
Toyfriend 'til I'm through with you Let me play with you
Let me play with you
Let me play with you
Let me play with you Come come baby come be my Toyfriend let me play with you
Come come baby come be my
Toyfriend 'til I'm through with you
