Unknown

Kemal

It's been so long, I can't hold on
All this suffering I've done
I can't escape, cause inside I'm breaking
Inside I'm breaking up
I've been used, and it's all I can do
To wash it awayHave I become a face to a new name?
I've tried to make it up enough
Are we better off, are we better off unknownI face a new day
Will you meet me there or disappear with no trace
It's happened again
No more wind under broken wings to remind me of angels
My life's been pages, open books
Of an empty, careless impossible wasteI can't escape, will your words confine me, or will they set me free
Am I the only one to blame, for all the games we play?
Are we better off, are we better off unknownHold on to me for one more day
I feel I'm fading away
Are we better off, are we better off unknownAm I the only one to blame, for all the games we play?
Are we better off, are we better off unknownI'm better off unknown
