Superhero

Onelinedrawing

When you make someone into a superhero
know that they will fly
and they will see right through you
they will burn so bright
that they will make you blind
yeah they will make you blindIf heaven will have you
then someone will have youLove will find a way (x2)And as sure as I can see you
there's someone who will need youLove will find a way (x3)Did I dream of you?
was it never true?
whatever will go through
did I dream of you?If heaven will have you
then someone will have youLove will find a way (x2)And as sure as I can see you
yeah there's someone who will need youLove will find a way (x6)
