

# Your Friend

## Don Peris

I don't wanna have to be your friend  
I'm so tired of tryin' to be your friend  
I don't wanna have to be your friend, no anymore  
    What is happening my friend?  
You see I use the term so loosely these days  
    Seems we're headed towards the end  
        Soon to be parting our ways  
'Cuz you've never done a thing for someone else  
    Unless you thought that you could help yourself  
        And now the day is here when you have found  
You finally need the help of someone else but they won't help  
    'Cuz what you do, you know it's always just for you  
        So I don't care about you anymore  
        I don't wanna have to be your friend  
        I'm so tired of tryin' to be your friend  
        I don't wanna have to be your friend, no anymore  
        When it really doesn't matter what I say  
        'Cuz you're never gonna listen to me anyways  
Well, I don't wanna have to be your friend, no anymore  
    It seems you've fallen once again  
    Like you've done a thousand times before  
        And now you need a certain friend  
        Someone you can count on  
        But I don't wanna be the one who's always  
            Gonna have to make it up to you  
        And I don't wanna be responsible for all the stupid little  
            Things you say and things you do  
        'Cuz what you did, it seems you've messed up once again  
        So I don't care about you anymore  
        I don't wanna have to be your friend  
        I'm so tired of tryin' to be your friend  
        I don't wanna have to be your friend, no anymore  
        When it really doesn't matter what I say  
        'Cuz you're never gonna listen to me anyways  
Well, I don't wanna have to be your friend, no anymore  
    You call me late at night when things are not all right  
        You need someone to get you through again  
        You need a helping hand, someone who understands  
        You're begging and pleading but this time I'm not dealing

'Cuz I walked this road with you too many times before  
And I realize now that this is not what I want anymore

I don't wanna have to be your friend

I'm so tired of tryin' to be your friend

I don't wanna have to be your friend, no anymore

When it really doesn't matter what I say

'Cuz you're never gonna listen to me anyways

Well, I don't wanna have to be your friend, no anymore

I don't wanna have to be your friend

I'm so tired of tryin' to be your friend

I don't wanna have to be your friend, no anymore
