

Micropenis

Knife Party

Micropenis
You have a micropenis
Micropenis
You have a micropenis
Micropenis
You have a micropenis
Micropenis
You have a micropenis
Our hero has reached the end of his journey
But in a way, he is just beginning
Young man
You must use what little power you have
To conquer the world
And save the princess
Micropenis
You have a micropenis
Micropenis
You have a micropenis
