

# Industry

## Modern Jazz

My debut is coming soon  
You already know what I'm gonna do  
    You got my time on the dotted line  
But you show up invited and before I sign  
And someone say I'm not making mistakes  
    But please don't be fake  
    My debut comes today  
And my feelings have all run away  
    With the man that I am but understand  
Hey, if I don't keep going it'll just go to show  
That I've been beat by an industry I've never seen  
    This is me on my knees  
    Singing take it all from me, take it all  
    Speak to my needs, my needs  
Oh, and take it all, oh, just take it all, this is me  
    So the crowd gets quiet, I start to play  
And I think they're buying what I got to say  
    But to my defiance the music fades  
And we all sit silent and I crawl back inside  
    Because it wasn't supposed to go this bad  
    This is me on my knees  
    Singing take it all from me, take it all  
    Speak to my needs, my needs  
Oh, and take it all, oh, just take it all, this is me  
    And when you grow silent I start to fall  
    And when you grow silent I start to fall  
    And when you grow silent I start to fall  
    When you grow silent I  
    And when you grow silent I start to fall  
    And when you grow silent I start to fall  
    And when you grow silent I start to fall  
And when you grow silent, when you grow silent  
    This is me on my knees  
    Singing take it all from me, take it all  
    Speak to my needs, my needs  
    And take it all, oh, just take it all  
    This is me on my knees  
    Singing take it all from me, take it all  
    And speak to my needs, my needs

And take it all, yeah
