## **Perfect Imperfection**

## **Kevin Gates**

[Intro]

I wear my emotions on my sleeve you know what I'm saying
I'm all the way out there
If I don't fuck with you
I don't mind you knowing I don't fuck with you[Verse 1]

Breaking down a key of coke

I ain't never seen a boat

Khaza got circumcised thinkin I'mma need a loc
Boobie he a shooter hit the top of your medulla

From a scooter with a ruger I don't think he even need a scope Attending college been a goal that I'm after

Faded doing life without parole wearing shackles

I'm only fucking with what matters

A washed up rapper talking trash doesn't matter

Front windshield of the car when it shatters

My nigga brains blown out land in my lap

Told god take me, everybody blame me

Praying till I'm prayed out won't bring him back[Bridge]

They say my life is amazing

Funny been a question kinda wonder how I made it

Forest gump and I

Got something in common

The world treat you different when you make it[Verse 2]

We ain't brooding off a molly we don't do shrooms

All we do is fast gas loud excuse who

Twin-turbo 911 make it vroom vroom

We in all black mama can't make the tomb move

Say you sip lean yea I do too

I ain't tryna hit your cup nigga do you

I'm Michael Jackson I'm reincarnated

I channel this spirit like Ali the greatest

Smoking some more marijuana and I'm medicated

Aerosmith jaded

She look like Miley when she got on top me

I gazed in her eyes and responded

Can we go half on a baby

Broke another fingernail scratching on my back Nailed her to the ceiling when I'm pushing on her pelvis See my tattoo of Elvis when I'm tearing up her cat[Hook] I'm a perfect imperfection My craft has been perfected

I just need affection, emotionally

I'm an introvert but it come off as aggression

No one understand me and everybody can be slow

It's refreshing to find someone who think like me so I can't be wrong

I'm a perfect imperfection and I don't find interest in the radio

So everytime I get high I watch the time pass by like away we go

Is it ok to cry when you're dying inside?

Seem like codeine is the one thing that help take my mind from the lies[Verse 3]

Put the flame in my brain with the full clip

Drake said Gates do his thing he don't bullshit

All you other rappers rap about is bullshit

Do your own drugs and you get all in your feels

Look into your eyes nigga you ain't ever lived

But always talking cause the dope nigga ever had heart ache

Ever lost money learned how to cook all day

Ever grind hard tryna pay for your lawyer?

Get him payed off and you still go to jail

And that bitch that you love don't pick up when you call her

Fuckin' with your nigga when you get out and you dog her

Going with your mood with a nigga you dont argue

Came here to die in the game I'm retarded

Know its got a name I ain't knowing what to call it

Mama 3 way the call [?] gave me a file

Freeman I look to you nigga and I love you

I know you lost your parents but with me you got a brother

Malaki and Chris [?] know you gotta trap

Calling me quick saying man you wanna rap

Uptown B's and the white house administration

Get the paper had to see [?] in the scrap

When his seatbelt strap make it hard to lean back

Sittin' up straight in the car with the shades on

Young Seven with the jensen and my main man Gunna

I was doing time up in rivers when he came home

Now I'm waiting on a nigga for me to get out alive

No drive by we jump out and dump where you grind

Excuse me I meant to say where you spend time

You crew scared to hustle you're just wasting time

I used to play nice with Jahlil and Jaquinten

And now his brother fuck with the ones that against me Stop makinging threats cause I swear I hate living

You say you don't like me well shut up or kill me

Well shut up or kill me

You say you don't like me well shut up or kill me

Bitch shut up or kill me [Hook]
