The Summits

Mark Pound

wake up here we go
there's been months of preparation (it's time)
high ho here we go
grab the ice picks, wake the sherpas,
lets go...high ho
To the Summits

Oh such wonder here we go,
the people look like ants from here,
wide open feel the flow
Oh these Ragged Ecstatic Skippies
is that a new mountain flower i've found?

We'll meet you at the Summits, hey hey hey
At the Summits, hey hey hey

'cos its All Around
Taking Leaps and Bounds
All this Music and Sound
Feel it All Around (x2)

Lights are the people they say lights are the people
(humdebabahhumdebabahumpgh)
They say lights are the people, lights *growl* HI HO

You'" see us we're the Summits hey hey
We're the Summits

cos its All Around taking Leaps and Bounds all this Music and Sound
feel it all around x2

Higher (oh Lord)
Higher
Higher
Higher
