Inside You

Tellusalie

Will you walk with me
Will you talk with me
Take my hand let fate decide
We'll go out for a moonlight ride

We can take our time
Through the clouds we'll climb
Hurry up don't make me wait
Tomorrow might just be too late

And it all comes down to what we're feeling now
And I know what I see when I look into your eyes
I'm inside you...And you don't even know it
Deep inside you...And it's time to show it
Deep inside you

If it feels alright
We can drive all night
The wind will whisper in our ears
Collecting stars like souvenirs

And the sun will rise
Under painted skies
Tell me we don't have to wait
Tomorrow might just be too late

And it all comes down to what we're feeling now
And I know what I see when I look into your eyes
I'm inside you...And you don't even know it
Deep inside you...And it's time to show it
Deep inside you
