The Gift

Jim Brickman

Winter snow is falling down Children laughing all around Lights are turning on Like a fairy tale come trueSittin' by the fire we made You're the answer when I prayed I would find someone And, baby, I found youAnd all I want is to hold you forever All I need is you more everyday You saved my heart from being broken apart You gave your love away and I'm thankful everyday, for the giftWatching as you softly sleep What I'd give if I could keep Just this moment If only time stood stillBut the colors fade away And the years will make us gray But, baby, in my eyes You'll still be beautifulAnd all I want is to hold you forever All I need is you more everyday You saved my heart from being broken apart

All I need is you more everyday
You saved my heart from being broken apart
You gave your love away
I can't find the words to say
And I'm thankful everyday, for the gift

You gave your love away and I'm thankful everyday, for the giftAnd all I want is to hold you forever
