

Piggyback

Bob Schneider

I read about a guy
When he was 23 years old
Stood there three feet tall
And that's pretty small But then he grew
To over 7 foot 4
That's where he found he
Couldn't walk no more And mama had to go away
But daddy says I'll see her again
One day soon
When we go to heaven Daddy had a hook
Where his hand used to be
He said that hand weren't no good
To me anyway All I want's a piggyback ride
To get to the other side
Of this beautiful world
Sleep in a big beautiful bed
Beautiful clouds, inside my head All I want's a piggyback ride
To get to the other side
Of this beautiful world
Sleep in a big beautiful bed
Beautiful clouds, inside my head
Sing a love song For 30 hours
And 15 minutes
And Jimmy kissed his girl
In front of the whole wide world On National TV
That's a long time
Not to drink or eat
Or take a pee All I want's a piggyback ride
To get to the other side
Of this beautiful world
Sleep in a big beautiful bed
Beautiful clouds, inside my head All I want's a piggyback ride
To get to the other side
Of this beautiful world
Sleep in a big beautiful bed
Beautiful clouds, inside my head
Sing a love song
