

Golden Shower

Lindemann

Please stand up
And spread your legs
I lay me down
Look up, it shakes Let me eat your shame
Let me sip champagne
Let cry your pinky Flower
Give me give me golden shower Let it rain don't be blunt
Let it rain what a stunt
Let it rain make me grunt
Let it rain from your pretty cunt Golden shower don't be shy
Golden shower let it fly
From your pretty cunt
Golden shower golden sweat
Golden shower make it wet
Let it jet Please stand up
Pink hairy sky
I creep down and wait
Wait for you to cry Let me sip again
Give me more champagne
Be my human Eiffel Tower
Give me golden shower Let it rain don't be blunt
Let it rain what a stunt
Let it rain make me grunt
Let it rain from your pretty cunt Golden shower don't be shy
Golden shower let it fly
From your pretty cunt
Golden shower golden sweat
Golden shower make it wet
Let it jet French kisses falling from your lips
And it seems like fairies flying
Moisten tender eyes and lips
And it feels like angels crying
Cunt
Your pretty cunt Golden shower don't be shy
Golden shower let it fly
From your pretty cunt
Golden shower golden sweat
Golden shower make it wet
Let it jet CUNT
