Come On

Client

I'm just too young to be lonely
I'm just too young to be wise
And I recognize the feelin'
And I'm gonna take what's mineMe and you together
We're too good to take it slow
So it's sooner now than never
Let's get back and start the showSo come on, come on now, baby
Just come on, come on now
You know you really got me, baby
Just come on, come onYeah, come on, come on now, baby
I said, come on, come on, baby
You know you really want me, baby
Just come on, come onTake my hand, I'll lead you
Through the dangerous and dark
You can lose yourself in me
'Cause we're too good to be apartAnd you know I'll take you somewhere
And you'll never be the same
But it's worth the risk for somethin'
We've got everything to gainSo come on, come on now, baby
Just come on, come on now
You know you really got me, baby
Just come on, come onYeah, come on, come on now, baby
I said, come on, come on, baby
You know you really want me, baby
Just come on, come onSo come on, come on now, baby
I said, come on, come on, baby
You know you really want me, baby
Just come on, come onYeah, come on, come on now, baby
I said, come on, come on, baby
You know you really want me, baby
Just come on, come onCome on, come on, come on, come on
Come on, come on, come on, come on
Come on, come on, come on, come on
Come on, come on, come on, come onJust come on, come on
