Faithfull

Pearl Jam

plaque on the wall says that... no one's slept here...
a bridge that has not... been stepped on...whatever the nations... leced in your prayers...
who's upstairs?... all of this noise... i'm through with...
screaming... and echoes... that nobody hears...
it goes... it goes... like this... faithful we all belive.
we all belive it. so faithfull. we all believe.we all belive it... M.Y.T.H.... belief in a game. controls.
a box of fear... voice inside so drowned out...drowned you are... you are a furry thing...
and everything is you... me, you... you, me...all related... whats a .....to do.....just be.....
and i will be ...too... faithfull..... to you.
