

# Drink One For Me

Jason Aldean

You don't know how bad,  
I wish I was home  
Can't wait to get back,  
But while I'm gone  
Y'all carry on

Drink one for me, for all the old times  
We tore up that town, raised hell alright  
Tell the boys, thanks for having my back  
Some of the best memories I've ever had  
So go on and get crazy  
And drink one for me  
I can't count the miles,  
It just feels so far  
And it could be a while  
'Til I'm where you are  
So keep me in your heart

Drink one for me, for all the old times  
We tore up that town, raised hell alright  
Tell the boys, thanks for having my back  
Some of the best memories I've ever had  
So go on and get crazy  
And drink one  
For the ones you can't be with  
The ones we'll always miss  
And times like these  
And times like these

Drink one for me, for all the old times  
We tore up that town, raised hell alright  
Tell the boys, thanks for having my back  
Some of the best memories I've ever had  
So go on and get crazy  
And drink one for me  
Drink one for me
