Like Pacific

[Verse 1]:

As if I had all the answers, to fix your mistakes, I couldn't risk too much, it was all at stake
I lost trust you, I've got a bitter taste in my mouth all the words go south these days
You couldn't talk about your problems, I was never there to listen
I've been here before I'll be back again and this is nothing new
It felt like days were catching up to me with all this pain and suffering
I'm not sure I care, anymore[Chorus]:

Build up my hope, I know you knew, I know the truth
My potential wasted slow, beat up and used
Use me some more, give me some room[Verse 2]:

I guess I'll call it a first, oh how it's mutual and everything you know because you ask me about my days
You don't think before you speak and your interests are not for me
But I'm so alone I need to receive some attention I've been paid You caught me at the worst spot, in the worst
space of your favorite bar

My most hated place, Know that I was trying to relate[Chorus][Verse 3]:

Cut me down, the drugs don't do a thing, you should've lied to me
You never fucking ruined me, my head is an open wound, not your tirade[Bridge]:
There's nothing to erase, I'm sorry about how I feel[Alt. Chorus]:

Build up my hope, I know you knew
My potential wasted slow, beat up and used
Use me some more, give me some room[Outro]:
Build up my hope, I know you knew, I know the truth
My potential wasted slow, beat up and used
Give me some room
And now we're through
