

# April Fool

## Soul Asylum

Quittin' after one more last one  
Tired of playin' the clown  
If I want your opinion I'll ask ya  
I can get myself down

Night driving without headlight  
Wearin' sunglasses too  
Lookin' good but sure don't feel right  
Anything to be cool

Doin' hopscotch with my legs tied  
Jumpin' rope in wet cement  
Black leather in midday sunshine  
All your mother's money's spent

Doin' time on the metal detector  
Like to drown in your pool  
Coverin' up everything that's defective  
Anything to be cool

A burning heart could be so cool  
Won't you be my fashion victim  
Come on, I'm an April Fool for you

Holdin' on to what's left of real life  
Anything to be cool  
Anything to be cool  
Anything to be cool  
Anything to be cool

A burning heart like an April Fool  
Won't you be my fashion victim  
Come on, I'm an April Fool  
I'm a mid-spring snowfall, joke's on you  
I'm an April Fool for you

I'm an April Fool for you  
I'm an April Fool  
I'm an April Fool for you  
I'm an April Fool

I'm an April Fool for you

I'm an April Fool
