

It Amazes Me

John Denver

He came looking for the answers
To some questions on his mind
Seeking truth and understanding
In the hope that he would find
A way to better serve his brothers
And his sisters in the sun
Sharing all that he was given
Giving all to everyone
Come and listen to the story
Of a journey once begun
Of a people and their plenty
And their season in the sun
And how they gave themselves to symbols
And things that they could hold
Living lives in desperation
In the fear of letting go
It amazes me and I know the wind
Will surely someday blow it all away
It amazes me and I'm so very grateful
That you made the world this way
For our plans have come together now
Where do we go from here?
Will our differences divide us?
Must we always live in fear?
For there are things that we must move through
Some things to cast aside
But our father watches over us
Our mother will provide
It amazes me and I know the wind
Will someday surely blow it all away
It amazes me and I'm so very grateful
That you made the world this way
It amazes me
It amazes me
It amazes me
