Electricity

Longview

You and me are electricity
You and me, electricity
You and me are electricity
You and me, electricityI'm burning through
When I am near you
I feel such a rush
Need it so much from you
And now,
I'm so isolated cause,
You give me it all
Then take it I fall
Without youYou and me are electricity
You and me, electricity
You and me are electricity
You and me, electricityAnd now, I'm so isolated cause
I'm sick with no touch
I miss so much
Can't be with you now
It's much too much
Without you
Without you
