Lovin' Each Day

Ronan Keating

Camon' yeah, uh
Uhh, yeah
We're lovin' each day as if it's our last
Dancing all night, havin' a blast
Cause baby, I need you hereGirl, I'm on a mission to cure my condition
'Cause without your kissin' my heart's just a prison
I'm hoping and wishin' that, girl, I'm forgiven
Say yeah, yeah'Cause every time you leave me I'm sad
The moment you're returning I'm glad
So let's not go forgetting what we have
'Cause it's bad, so damn bad yeahWe're lovin' each day as if it's our last
Dancing all night and havin' a blast
Oh baby, I want you right here next to me
Lovin' each day as if it's our last
Dancing all night and havin' a laugh
Please baby, I need you hereIf I hurt your feelings, then baby we're even
'Cause I've been bereavin' since you said you're leaving
But now you're by my side
Let's not fight 'cause you're rightThat every time I lose you I'm lost
No more you versus me girl, there's just us
'Cause anything without you's just a bust
Baby, trust, you're a mustWe're lovin' each day as if it's our last
Dancing all night, havin' a blast
Oh baby, I want you right here next to me
Lovin' each day as if it's our last
Dancing all night and havin' a laugh
Please baby, I need you hereHuhhSo don't go throwing our love away
It's here to stay, I'm telling you
There's nothing that could stop us anyway
Our love is an ocean, let's get it in motionWe're lovin' each day as if it's our last
Dancing all night, havin' a blast
Oh baby, I want you right here next to me
Lovin' each day as if it's our last
Dancing all night and havin' a laugh
Please baby, I need you hereI need you here
I need you here
I need you hereOh yeahCause never loving, giving, taking, hoping, never dreamingOh baby, I need you here
